ENGINEERED FLOW SOLUTIONS PRODUCT LINE REPRESENTATION

Industrial Electrical Heat Tracing : Self-regulating, power limiting, constant wattage, flexible series resistance and mineral insulated heating cables, skin effect heating systems
Tubing Bundles : Pre-traced and insulated electric and steam traced tube bundles
Commercial Heat Tracing : Concrete and roof and gutter snow melting systems, freeze protection and plumbing hot water heating systems
Steam Heat Tracing : Heat transfer compounds, SafeTrace insulated steam trace tubing, ThermoTube pre-insulated steam supply and return tubing, SnapTrace
Tank & Vessel Heating : FlexiPanel Tank, electric pad heaters, HT Hopper heater modules, HeetSheet steam and thermal fluid heater
Controls : Complete monitoring and controls systems
Local Heat Tracing Design Services : Complete heat tracing design services

Flow : Vortex, magnetic, coriolis flowmeters
Pressure : Differential, gauge and absolute transmitters
pH and Conductivity : Liquid analytical, pH, conductivity, D.O.
Temperature Transmitters
Pneumatic Instruments

Wireless Transmitters : Accutech wireless battery powered sensors, pressure, flow, temperature and level
Data Radios Trio License and License-Free Radios
SCADAPack Smart RTU's
ClearSCADA Software

Camflex : Universal rotary globe control valves including globe replacement face-to-face
Reciprocating : Cage and top guided globe style control valves; top and bottom guided double ported control valves
'LincolnLog' : Cavitation elimination severe service control valve
SVI-II-AP : Smart HART digital valve positioner

Thermowells
Thermocouples
Heater Tube Skins
Cat Tracker : Flexible, multi-point temperature profiling product for fixed catalyst bed reactors

Steam Traps : Mechanical (Free Float®), thermodynamic and thermostatic
Condensate Recovery : PowerTrap® Mechanical Pumps with Built in Traps; High-lift closed recovery applications and mechanical applications
Pressure Reducing Valves : Pilot-operated models, direct-acting models and models with integral separators and steam traps
SSOP : Steam System Optimization Program assessment program

PRODUCT LINE REPRESENTATION

	<p>Fabri Valve : Knife gate valves, bi-directional and slurry knife gate valves Dia-Flo : Diaphragm valves, weir and straightway style Cam-Tite : Top entry high performance ball valves Cam-Line : Tefzel and lined low torque ball valves Pure-Flo : Hygienic diaphragm valves, custom fabrications</p>	
	<p>Severe Service Metal-Seated Ball Valves, Coker Switch Valves</p>	
	<p>Valve Products : Conduit gates, wedge gates, globes, full port swing checks, piston checks, trunnion mounted balls, floating balls, and lubricated plugs</p>	
	<p>Butterfly Valves : Rubber and Teflon seated and lined butterfly valves, high performance valves with Teflon or metal seats; Triple offset metal seated zero leakage butterfly valves</p>	
	<p>Ball Valves : Adjust-o-Seal two way, multi-port, flush tank and cavity free sanitary CIP/SIP ball valves, specialty double block and bleed and instrument isolation valves</p>	
	<p>Ball Valves : Flanged/threaded, multi-ported, sanitary and fully automated ball valves</p>	
	<p>PFA Lined Valves : Fluoroplastic lined ball, bottom drain valves, butterfly, check, safety, control valves and sight glasses</p>	
	<p>Valves : Pinch Valves Pumps : Transfer, Dosing, Progressive Cavity, Metering, Centrifugal Filters</p>	
	<p>Instrument Enclosures : Custom prefabricated shelters, cabinets and heaters for instruments, pumps and control rooms, sun shades, fire rated enclosures</p>	
	<p>Electraulic valve actuators; Linear, rotary; Double acting and fail safe actuators available for valves, dampers and turbine applications</p>	
	<p>Rack and Pinion pneumatic valve actuators, electric actuators, Scotch Yolk</p>	
	<p>Pneumatic Vane Style Actuators : Double acting, spring return; Complete valve automation services, damper drive systems</p>	
	<p>Electric Valve Actuators : Rotary and multi-turn heavy duty electric valve actuators</p>	
	<p>Fixed-point and Portable Gas Detectors and Controllers</p>	
	<p>Infrared and Fiber Optic Temperature Sensors for SRU thermal reactors Flare Pilot Monitoring Radiometric Thermal Imagers</p>	
	<p>Pressure, Level and Temperature Measurement Solutions</p>	

TECHNICAL SERVICE/SUPPORT

Extensive heat trace and valve inventory; heat trace design, audit and troubleshooting service; instrument calibration service, SCADA setup, calibration and troubleshooting; valve repair capabilities.
