Foxboro
by Schneider Electric

Flow : Vortex, magnetic, coriolis flowmeters
Pressure : Differential, gauge and absolute transmitters
pH and Conductivity : Liquid analytical, pH, conductivity, D.O.
Temperature Transmitters
Pneumatic Instruments

Telemetry & Remote
SCADA Solutions
Schneider
Electric

Wireless Transmitters : Accutech wireless battery powered sensors, pressure, flow, temperature and level
Data Radios Trio License and License-Free Radios
SCADAPack Smart RTU's
ClearSCADA Software

NOSHOK

Pressure, Level and Temperature Measurement Solutions

DAILY
THERMETRICS

Thermowells
Thermocouples
Heater Tube Skins
Cat Tracker : Flexible, multi-point temperature profiling product for fixed catalyst bed reactors

INTERTEC

Instrument Enclosures : Custom prefabricated shelters, cabinets and heaters for instruments, pumps and control rooms, sun shades, fire rated enclosures

MOGAS

Severe Service Metal-Seated Ball Valves, Coker Switch Valves

SCV
SCV VALVE

Valve Products : Conduit gates, wedge gates, globes, full port swing checks, piston checks, trunnion mounted balls, floating balls, and lubricated plugs

INLINE

Ball Valves : Flanged/threaded, multi-ported, sanitary and fully automated ball valves

ITT

Fabri Valve : Knife gate valves, bi-directional and slurry knife gate valves
Dia-Flo : Diaphragm valves, weir and straightway style
Cam-Tite : Top entry high performance ball valves
Cam-Line : Tefzel and lined low torque ball valves
Pure-Flo : Hygienic diaphragm valves, custom fabrications

RICHTER
Process Pumps & Valves

PFA Lined Valves : Fluoroplastic lined ball, bottom drain valves, butterfly, check, safety, control valves and sight glasses

FLOWROX

Valves : Pinch Valves
Pumps : Transfer, Dosing, Progressive Cavity, Metering, Centrifugal
Filters

PRODUCT LINE REPRESENTATION

Butterfly Valves : Rubber and Teflon seated and lined butterfly valves, high performance valves with Teflon or metal seats; Triple offset metal seated zero leakage butterfly valves

Rack and Pinion pneumatic valve actuators, electric actuators, Scotch Yolk

TECHNICAL SERVICE/SUPPORT

Extensive heat trace and valve inventory; heat trace design, audit and troubleshooting service; instrument calibration service, SCADA setup, calibration and troubleshooting; valve repair capabilities.

Hughes-Primeau Controls, Inc
