**Industrial Electrical Heat Tracing** : Self-regulating, power limiting, constant wattage, flexible series resistance and mineral insulated heating cables, skin effect heating systems  
**Tubing Bundles** : Pre-traced and insulated electric and steam traced tube bundles  
**Commercial Heat Tracing** : Concrete and roof and gutter snow melting systems, freeze protection and plumbing hot water heating systems  
**Steam Heat Tracing** : Heat transfer compounds, SafeTrace insulated steam trace tubing, ThermoTube pre-insulated steam supply and return tubing, SnapTrace  
**Tank & Vessel Heating** : FlexiPanel Tank, electric pad heaters, HT Hopper heater modules, HeetSheet steam and thermal fluid heater  
**Controls** : Complete monitoring and controls systems  
**Local Heat Tracing Design Services** : Complete heat tracing design services

**Flow** : Vortex, magnetic, coriolis flowmeters  
**Pressure** : Differential, gauge and absolute transmitters  
**pH and Conductivity** : Liquid analytical, pH, conductivity, D.O.  
**Temperature Transmitters**  
**Pneumatic Instruments**

**Wireless Transmitters** : Accutech wireless battery powered sensors, pressure, flow, temperature and level  
**Data Radios Trio License and License-Free Radios**  
**SCADAPack Smart RTU's**  
**ClearSCADA Software**

**Thermowells**  
**Thermocouples**  
**Heater Tube Skins**  
**Cat Tracker** : Flexible, multi-point temperature profiling product for fixed catalyst bed reactors

**Steam Traps** : Mechanical (Free Float®), thermodynamic and thermostatic  
**Condensate Recovery** : PowerTrap® Mechanical Pumps with Built in Traps; High-lift closed recovery applications and mechanical applications  
**Pressure Reducing Valves** : Pilot-operated models, direct-acting models and models with integral separators and steam traps  
**SSOP** : Steam System Optimization Program assessment program

**Severe Service Metal-Seated Ball Valves, Coker Switch Valves**

**Valve Products** : Conduit gates, wedge gates, globes, full port swing checks, piston checks, trunnion mounted balls, floating balls, and lubricated pluggs

**Butterfly Valves** : Rubber and Teflon seated and lined butterfly valves, high performance valves with Teflon or metal seats; Triple offset metal seated zero leakage butterfly valves

## PRODUCT LINE REPRESENTATION

	<b>Ball Valves</b> : Flanged/threaded, multi-ported, sanitary and fully automated ball valves	
	<b>Valves</b> : Pinch Valves <b>Pumps</b> : Transfer, Dosing, Progressive Cavity, Metering, Centrifugal <b>Filters</b>	
	<b>Instrument Enclosures</b> : Custom prefabricated shelters, cabinets and heaters for instruments, pumps and control rooms, sun shades, fire rated enclosures	
	<b>Rack and Pinion</b> pneumatic valve actuators, electric actuators, Scotch Yolk	
 <small>GAS AND FLAME DETECTION</small>	<b>Fixed-point and Portable Gas Detectors and Controllers</b>	
	<b>Infrared and Fiber Optic Temperature Sensors</b> for SRU thermal reactors Flare Pilot Monitoring <b>Radiometric Thermal Imagers</b>	
	<b>Pressure, Level and Temperature Measurement Solutions</b>	
 <small>a Baker Hughes business</small>	<b>Camflex</b> : Universal rotary globe control valves including globe replacement face-to-face <b>Reciprocating</b> : Cage and top guided globe style control valves; top and bottom guided double ported control valves <b>'LincolnLog'</b> : Cavitation elimination severe service control valve <b>SVI-II-AP</b> : Smart HART digital valve positioner	
	<b>Fabri Valve</b> : Knife gate valves, bi-directional and slurry knife gate valves <b>Dia-Flo</b> : Diaphragm valves, weir and straightway style <b>Cam-Tite</b> : Top entry high performance ball valves <b>Cam-Line</b> : Tefzel and lined low torque ball valves <b>Pure-Flo</b> : Hygienic diaphragm valves, custom fabrications	
	<b>Ball Valves</b> : Adjust-o-Seal two way, multi-port, flush tank and cavity free sanitary CIP/SIP ball valves, specialty double block and bleed and instrument isolation valves	
 <small>Process Pumps &amp; Valves</small>	<b>PFA Lined Valves</b> : Fluoroplastic lined ball, bottom drain valves, butterfly, check, safety, control valves and sight glasses	
 <small>ELECTRAULIC™ ACTUATION</small>	<b>Electraulic</b> valve actuators; Linear, rotary; Double acting and fail safe actuators available for valves, dampers and turbine applications	
	<b>Pneumatic Vane Style Actuators</b> : Double acting, spring return; Complete valve automation services, damper drive systems	
	<b>Electric Valve Actuators</b> : Rotary and multi-turn heavy duty electric valve actuators	

## TECHNICAL SERVICE/SUPPORT

Extensive heat trace and valve inventory; heat trace design, audit and troubleshooting service; instrument calibration service, SCADA setup, calibration and troubleshooting; valve repair capabilities.
